

# SANTIAGO

## CONTRASTING, VIBRANT AND ENTREPRENEURIAL

The entrepreneurial spirit of the Chilean people has been remarked upon for more than a hundred years, and the modern metropolis and capital city, Santiago, is a testament to this quality.

A booming center and gateway to the region—and the world—Santiago exemplifies the country's export-driven economy, which boasts the highest GDP in Latin America built on the selling of metals and minerals, fish, services, fresh fruits, and wines to the world's top markets. It's no wonder Santiago's financial district has been called "Sanhattan."

In this welcoming, culturally diverse and politically stable country, students can find a challenging—yet, rewarding—internship experience, while building their Spanish language skills.

**"Santiago, wedged between the snowy Andes and the sea, has become an electrifying place of vibrant contrasts, with lush new parks, renovated Beaux-Arts neighborhoods, and blocks of glamazon-thronged galleries and cafés clustered around 'Sanhattan,' the soaring financial district."**
